## HYDROBOX

For trucks and vans

Model with upper tank

Model with upper tank

n.2 parallel oil radiators

fixing plate

electric fan

oil filter

ON/OFF valve block

hydraulic oil tank

Model with side tank

**HYDROBOX** is a compact hydraulic accessory installable on trucks and vans, can be installed on all vehicles equipped with hydraulic pump or that have the possibility to install it, **HYDROBOX** transforms these vehicles in powerful and economical power sources of hydraulic tools and various hydraulic equipment such as winches, hydraulic generators, cranes, compressors, etc...

**HYDROBOX** is in substance a complete professional hydraulic power pack, the engine produces the hydraulic power, **HYDROBOX** manages the power, with **HYDROBOX** vehicles avoid to transport, tow, load and download the typical heavy and bulky electric generator or compressors, the vehicles can power in autonomy a wide range of tools and equipment normally used in external urban works, in the utilities line maintenance and also in operations for rescue and civil protection.

**HYDROBOX** is an accessory designed for professional use that occupies minimal space on board, can be installed also under the open loading platform of trucks (like a normal tool box) it does not require approvals. For the installation is just necessary to connect the **HYDROBOX** to the gear pump by two hoses (*suction and pressure*) and the vehicles will be transformed from a simple transporter item into a practical and versatile hydraulic autonomous power source "on wheels".

TECHNICAL CHARACTERISTICS	HYDROBOX
Weight (kg)	38
Dimension LxWxH (cm)	48 x 30 x 45
Flow L/min	42 (flow max adjustable)
Pressure Bar	210 (pressure max adjustable)
Radiator	2 high efficiency radiators with centrifugal fan 12 Volt ON/OFF
Valve	3 ways, open center with relief valve

# POWER PACK

## HYDROBOX

For trucks and vans

- *Safety and maximum quietness*
- *Power maximum running economy and practicality*
- *Versatility and total utilization of the vehicle*
- *Avoids to transport, tow, load/download heavy bulky power units of other type*
- *Easy to install and use*
- *Minimal space and weight occupied on board*
- *Always ready to use with minimal maintenance need*
